

# Residential Condominium Building Association Policy

Insurmark's Residential Condominium Building Association Policy (RCBAP) is designed for residential condominium buildings located in higher risk coastal areas and A and V flood zones. Our RCBAP policy offers up to \$5,000,000 primary flood coverage on building and association personal property.

## The Insurmark Advantage

- A private alternative to the National Flood Insurance Program (NFIP) makes the process easier
- Elevation certificate preferred but not required
- Need more than \$5,000,000 in primary flood coverage? We can offer an excess flood policy specifically tailored to work with our RCBAP
- Experienced in-house underwriters who have the authority to rate, quote and bind
- NFIP Coverage Guarantee Endorsement
- All carriers rated A.M. Best "A"

## Residential Condominium Building Association Policy

- Residential condominium buildings in higher risk areas and A and V zones
- Up to \$5,000,000 primary flood coverage on building and association personal property
- Minimum three stories with flow through garage or flow through first floor
- Total Insurable Value (TIV) up to \$50,000,000
- \$10,000 minimum deductible per building

**Let us help deliver an RCBAP aligned to your client's needs.**
